New York, Dec. 10.-The American and the National baseball leagues held a joint meeting here today to promote harmony. ## SCHEDULE FOR

work. To this, forty minutes is to be Two-Year Contracts Signed With Six Schools, but Boulder Is Not Included Among Them.

> The athletic council of the university has decided to take on an extensive football schedule for the next two years and will sign up two years' contracts with six big colleges of the west. The schools are the University of Idaho, Colorado college, Denver university, Utah Agricultural college, the University of Montana and the Montana Agricultural college. These games, with possibly the annual game with the University of Colorado, will make seven big games—perhaps the heaviest schedule that a "U" footbal! team has ever carrie!

The location of the schools that the "U" will meet is such as to make Utah the connecting link between the colleges of the northwest and the Colorado colleges and by this arrangement it will be possible for a team to win the championship of the entire far west. The football contract with Boulder expired with the game played here this season and a future conplayed here this season and a nuture con-tract with that school for an athletic con-test will depend largely on the settle-ment of the trouble between the two schools last spring, when Boulder refused to meet the "U" track team after it had journeyed to Colorado for a contest. The Colorado School of Mines is not on the "U" schedule, and "U" authorities do not favor giving this chool a game until it gives Utah a return trip for the three times that Golden has been brought here.
